FROM THE EDITOR

Hello,

Starting into the new year with a smile and not with “jealousy”, even this is our theme of the month.

“Jealousy” is the “foundation” of stress and bad mood.

Have confidence and there will be very less space for jealousy.

Hope you enjoy the issue.

All the best,
Gerd

BALOSSA COLLEZIONE FW 2022/2023

Indra Kaffemanaite's independent and nonconformist spirit has always been synonymous with the carefree creativity of the counterculture, and this is reflected in her new Balossa FW 2022/23 collection.

Her language is immediate and in a constant state of flux, just like that of the fashion industry, and the world of experimentation is the space in which the creative instinct of the designer is free to express itself.

The new Balossa collection is the result of a creative process that embraces the essential, together with a sensitive balance between practicality and femininity, which reflects the nature of the cosmopolitan woman.

Attentive to aesthetics and comfort, quality and above all the protection of our environment, it is thanks to the scrupulous attention to quality and detail that Indra Kaffemanaite always manages to offer contemporary yet timeless creations.

The Balossa FW 2022/23 collection is an exercise in the search for reality, in the creation of the new and the enhancement of feminine physicality. A parable of hope is inserted into the color palette, and while White and Black hold their status as the cult colors of the season, Balossa rediscovers the energy inherent in nature, with shocking shades of green, ranging from deepest to the lightest variations, mixed also with yellow and milk white. Shades of gray are weaved into the fine silk details of both streetwear and elegant garments, with dresses and shirts inspired by a certain romanticism and fragility and adorned at the neck with large bows that reveal the luminous facets of the high-quality silk.

The basic elements of the collection are the classics; trousers striped with stitching, shirts that lengthen to become a dress, a suit or an elegant sheath dress. These are the absolute archetypes of everyday clothing.

A new paradigm of proportions is built into 3 piece suits, with the adornment of the gilet bringing long laces that tighten at the waist, changing the relationship with the body. The shirts are large and shaped in such a way as to reveal the figure, or alternatively to be worn slim with high cuffs.

The silhouette is tantamount, highlighted with details of intertwined ribbons at the waist and on the back, emphasizing the sinuous allure of the Balossa look.

The main item of the collection is a cream-white wool and cashmere suit featuring a delicate hourglass silhouette, a classic V-neck with soft lapels, and black buttons adding the finishing touches to the glamour of the costume. Another new coat, long and glamorous in gray wool, comes with the classic lapel collar but with a somewhat ascetic and monastic style.

The inspiration is finished off with two evening dresses that the designer transforms into a free interpretation of femininity, with the flourishing of asymmetrical necklines that look like the petals of a woman in bloom.
